

Welcome to JA Europe Annual Conference, 28-30 November 2016

Prague - Czech Republic!

Every year we invite our members to an internal conference, where they learn essential information about the network, communications, structure and overall organisation. This is an excellent opportunity for them to gain knowledge in important processes and procedures, as well as our growing community.

Our Conference is a great networking opportunity, where participants can connect with colleagues from our other member countries. It is definitely an event not to be missed!

We are happy to welcome 102 people from 33 countries this year in Prague!
